

The Rancher

APRIL 1973

PUBLISHED BY THE FLORIDA SHERIFFS BOYS RANCH, BOYS RANCH, FLORIDA 32060

The Men of Boys Ranch Returning May 18, 19, 20

The men of Boys Ranch will be coming home on May 18, 19 and 20 for the annual meeting of the Boys Ranch Alumni Association.

President Wally Edwards said all former Ranchers and their wives and children are invited to attend, as usual.

Final plans are still being formulated, but it is already definite that registration of alumni and guests will be held on Friday, May 18; a business meeting will be held on Saturday, May 19; and a special church service will be held in the Ranch Memorial Chapel on Sunday, May 20.

The Alumni Association includes former Ranchers as well as former staff members.

Robert Knight is vice president; Bill Riggins, second vice president; Bobby Malone, treasurer; Mrs. Patty Bues (she and her husband, Harvey, are former Ranch staff members, and have returned to the Ranch staff), secretary; Mrs. Jeanne Willard, wife of former Rancher Jerry Willard, assistant treasurer.

Young Seafaring "Salts" on the Suwannee

Some of our Ranchers are interested in U. S. Navy careers. They are enrolled in the Naval Junior Reserve Officers Training Corps at Suwannee High School, Live Oak.

Florida Sheriffs Youth Fund, Inc.- A New Convenience For Donors

By Harry Weaver
Executive Director

As a convenience for our many friends and donors, the Florida Sheriffs Association has established the Florida Sheriffs Youth Fund, Incorporated.

The purposes of the Florida Sheriffs Youth Fund, Inc. are: to generate, receive, and disburse funds for the Girls Villa, Boys Ranch, the adoption and foster home program, and any other program that may be developed for dependent, neglected and homeless boys and girls under the sponsorship of the Florida Sheriffs Association.

Through the establishment of the Fund, four major goals have been accomplished:

1. It is easier for an individual to make a gift; only one check is necessary for direct cash gifts.
2. Donors do not have to make a decision as to which program will receive the gift, even though they may do so. Monies will be applied in the area of the greatest need.
3. Bookkeeping and accounting is more economical and efficient. All record keeping for the Youth Fund, Boys Ranch and Girls Villa is centralized at the Boys Ranch office.
4. Future development of child care programs will be easier.

When a gift is made to the Fund and no program preference is made for its use, the governing Board will apply it where it is most needed. This procedure applies to all gifts — cash, insurance, stocks and bonds, real and personal property, and bequests.

When a gift is made to the fund and it is designated for a specific program such as the Ranch or Villa, it will be used exclusively for that program.

The same principle applies to bequests. They can be made to the Youth Fund with or without a program preference.

The proper designation of legatee for bequests is:

Florida Sheriffs Youth Fund, Inc.
Boys Ranch, Florida 32060

As in the past, donors can make gifts or bequests directly to the Ranch or the Villa, without utilizing the Youth Fund, but we urge our friends to use it whenever possible because it represents a convenience to them, and an important improvement in our bookkeeping system.

If there are any questions at all, please do not hesitate to direct them to me at the Boys Ranch.

Our sincerest appreciation to all concerned for their continued interest, support and prayers.

Buena Vista Villa.

Second Residence Cottage Doubles Capacity at Girls Villa

Dedication of Buena Vista Villa, newest addition at the Florida Sheriffs Girls Villa, will be one of the highlights of Girls Villa Week, which is traditionally observed near Labor Day. Exact dates and plans will be announced later.

Buena Vista is the second of two residence cottages now in operation at the Villa. Pinellas Sunshine Villa was completed in 1972 and dedicated during Girls Villa Week in 1972.

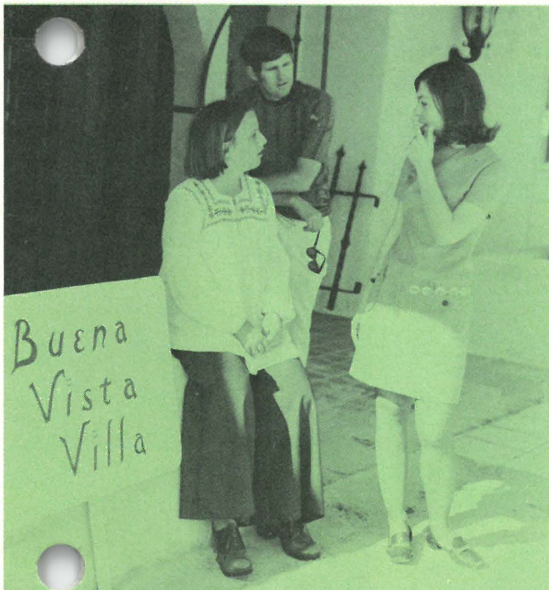

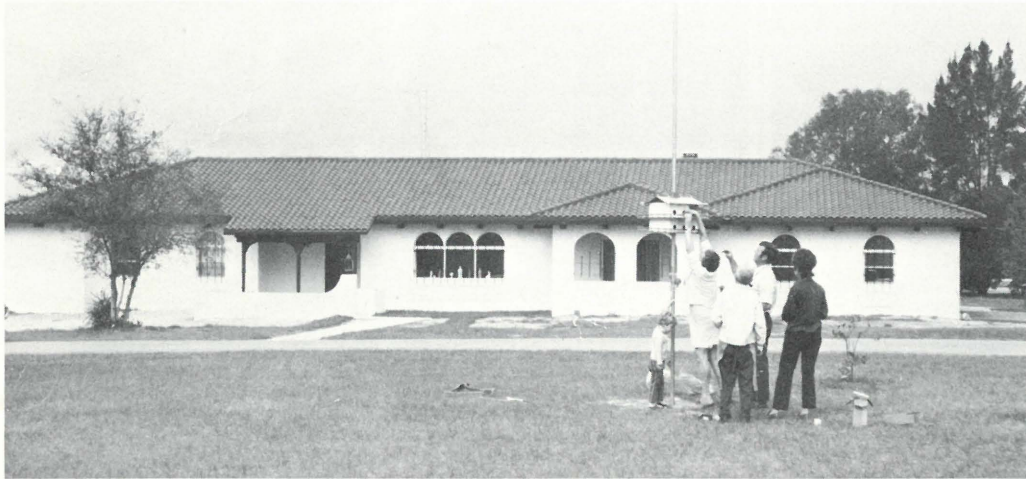

Each residence cottage represents an investment of over \$100,000 and has a capacity of eight girls plus a married couple employed as cottage parents.

The unique design is self-contained so that the girls can prepare their own meals and learn to do routine household chores such as laundry and cleaning. There are no plans for a central dining room or central laundry.

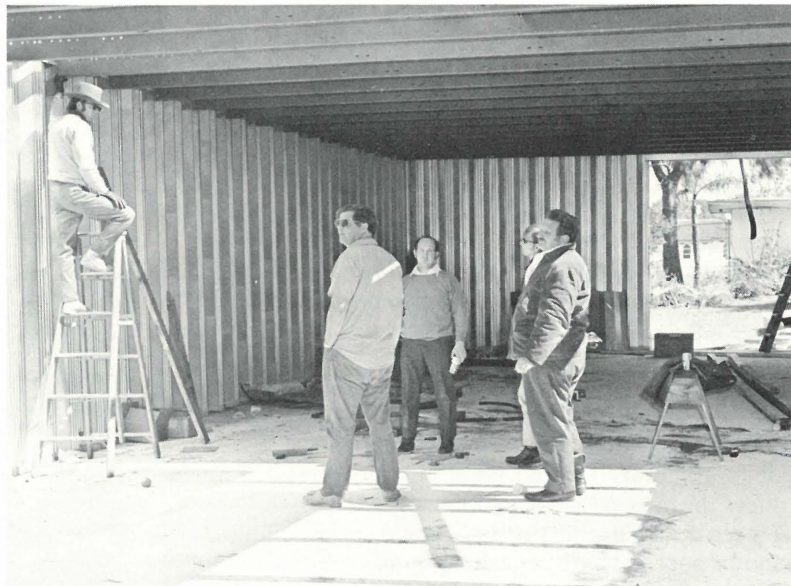

Two additional buildings appeared on the Villa landscape recently. One is a metal warehouse which will be used as a supply and maintenance center. The other is a pre-fabricated concrete block building which will be used for staff and administrative purposes.

Present facilities also include a home for the resident director, and a mobile home for use as a staff residence.

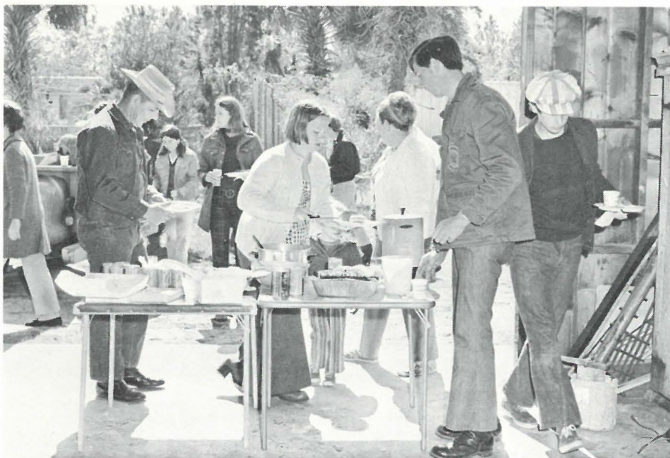

Resident Director's home.

Jim Owens and his wife Brenda (right) are the cottage parents at Buena Vista Villa. They are pictured talking to a prospective enrollee.

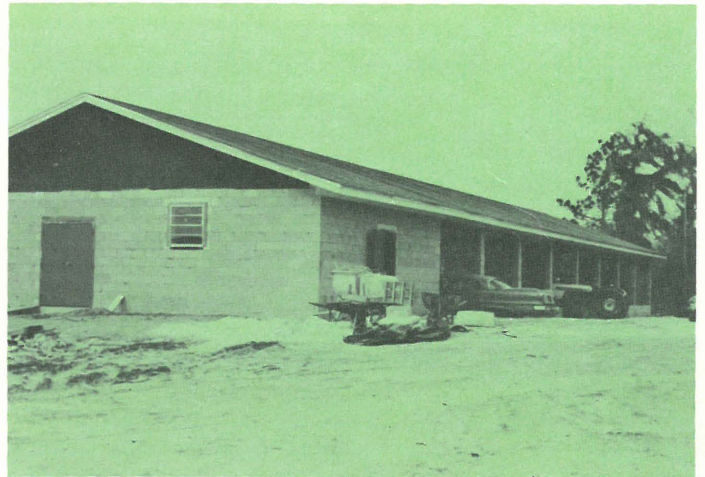

In Came the Volunteers; Up Went the Supply Building

Volunteers from General Telephone Company and the Polk County Sheriff's Office helped to erect the new maintenance and supply building at the Girls Villa; and the girls served and shared a picnic lunch. Among the volunteers were two graduates of the Boys Ranch who are shown in the photograph taken inside the building. Robert Knight, of Tallahassee is third from left in the picture, and that's Lt. Wally Edwards of the Polk County Sheriff's Office on the ladder. (Photos by Sgt. Sammy Taylor, Polk County Sheriff's Office)

The motor pool area is sandy and rutted now, but will be paved as soon as construction work is completed.

The new equipment shed will have a shop for small motor repairs (lawnmowers, outboard motors, etc.) at one end.

BOYS RANCH COULDN'T OPERATE WITHOUT "WHEELS"

The motor pool and auto mechanics shop at the Boys Ranch is steadily expanding with the addition of an equipment shed, a small motors repair shop, and an enlarged auto repair shop. When the construction work has been completed, the entire "motor pool" area will be paved.

This is an important part of the Boys Ranch complex for two reasons.

First, the Ranch could not operate without its large fleet of vehicles, including trucks, tractors, automobiles, school buses, fire trucks, trailers, vans and farm machinery.

Second, boys who work at the motor pool and mechanics shop learn important vocational skills which prepare them for jobs in service stations and auto repair shops if their aptitudes point in that direction.

Motor repair work also has its recreational side, giving boys an opportunity to tinker with old jalopies, outboard motors, motorbikes and go-carts.

Lawnmower motors require a lot of attention, but that hardly comes under the heading of recreation.

Bicycle repairs are handled at the arts and crafts building.

The motor pool and auto mechanics shop is located at the rear of the Ranch fire station so that Bob Moss, the full-time fire chief, can also supervise the repair work. Before coming to the Ranch he had over 11 years of experience in auto repair work.

Present expansion will double the size of the auto mechanics repair shop.

Ranchers Donnie Michael (left) and Marlon Hall (center) help mechanic Terry Kann give one of the Boys Ranch trucks a tune-up.

MEMORIAL

NOTHING LASTS FOREVER....

...but there is an enduring way to preserve the memory of deceased relatives and friends.

We call it our "Memorial Fund."

When you make a donation to this fund, the name of the person whose memory you are honoring will be inscribed on our permanent memorial record and the next-of-kin will be notified. The money you contribute will be used for some project of enduring significance. A convenient postage-paid envelope will be found elsewhere in this issue. It can be used for contributions to the Florida Sheriffs Boys Ranch or the Florida Sheriffs Girls Villa—memorial or otherwise. All contributions to the Ranch and the Villa are DEDUCTIBLE FOR INCOME TAX PURPOSES.

 ***Sheriff Jennings Murrhee,
 Green Cove Springs
 Sheriff Harry Spradley Lake City
 Mr. James Towey St. Petersburg
 Sheriff John Whitehead Lake Butler

*Trustee Emeritus
 **Chairman of Villa Trustees
 ***Chairman of Ranch Trustees

You Can Trust The Trustees

Because they represent such a broad background of experience and professional expertise, you can trust the trustees of the Boys Ranch and the Girls Villa to do a good job.

First of all there's much method, and no madness, in the way the boards are set up. The Ranch and Villa charters require that Sheriffs constitute a minority, leaving many positions wide open for laymen from all walks of life.

Scratch a trustee and you're likely to find some unexpected facet of the vocational spectrum.

A short tour through the list of non-sheriffs turns up, for instance, a food processor, a banker, a restaurant and hotel owner, a professional athlete, several doctors with specialties ranging from obstetrics to internal medicine, housewives and civic workers, retired businessmen, a public relations buff, a CPA, a builder, an attorney, a purveyor of sporting goods, a congressman, a meat processor, a supermarket executive, and a retired businesswoman.

And let us not underestimate the Sheriffs who are serving as trustees. Although they are law enforcement men by profession, they also have impressive credentials in many fields such as agriculture, forestry, building construction, business administration, horticulture, commercial fishing, personnel counseling, real estate and banking.

What business or industrial conglomerate can boast such a line up of talent — and all of them non-paid volunteers?

The Ranch and Villa Trustees meet twice a year in various locations throughout the State.

And in between these semi-annual meetings there are monthly meetings of the joint Ranch and Villa executive committee to do the day-to-day "pick and shovel work" of appropriating funds, solving problems, setting policy, and otherwise exercising top supervision over the two institutions.

Running the Ranch and Villa is big business, and although

Mrs. Doris Hough, of St. Petersburg, was one of the founders of the Girls Villa, and is currently serving as a trustee and fund raiser. She is pictured with Bob Haag, Resident Director of the Villa. (Photo by Earl Wells, Lakeland)

many of the men and women who do it could command salaries close to the six-digit range if we employed them full time, we get their services entirely free.

In fact, if we want to brag even more, we can point out that the trustees, instead of charging anything for their services, have given or raised cash gifts totaling well over \$1 million.

Yes, you can trust the trustees to keep the Ranch and Villa going — and growing.

Compulsive Giver Is At It Again

VALPARAISO — Giving is nothing new for Ralph Nordberg, longtime supporter and trustee of the Florida Sheriffs Boys Ranch.

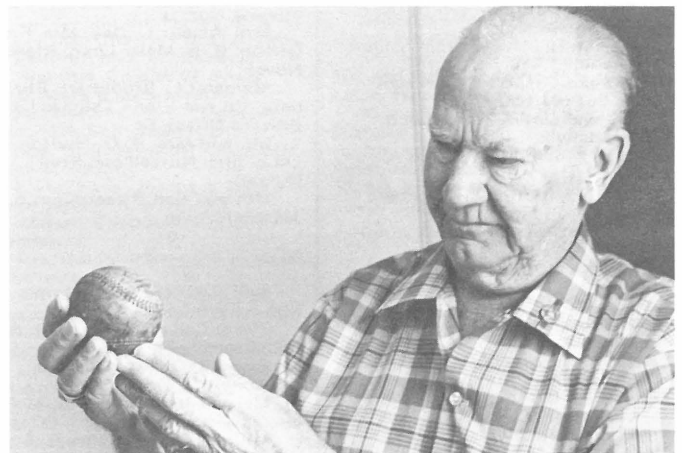

But he does from time to time find new ways of expressing his generosity.

His most recent giveaway was an historic baseball which he donated to the Baseball Hall of Fame in Cooperstown, N. Y. Nordberg acquired the ball in 1933, in Chicago's Comiskey Park, when he caught a foul off the bat of Bill Dickey during the first All-Star game.

At that time in his radio and newspaper advertising career he was sales manager for station WJJD, and was sitting in the stands with Gene Autry when the foul ball came his way.

Autry was a \$35-a-week radio master of ceremonies and had not yet been elevated to stardom. "Frankly," said Nordberg in a recent interview, "I didn't think he had a very good voice."

In contrast, Nordberg waxes enthusiastic any time the Florida Sheriffs Boys Ranch is mentioned. He has been supporting it ever since the early days when it was fighting obscurity; and he has had a hand in its development both through his gifts and through time devoted to his trustee duties.

Although he has been battling serious physical ailments for years, he continues to write cheerful notes to his friends; and occasionally he sends them thoughtful gifts like inspirational booklets or unusual coins.

Nordberg is a compulsive giver, and, if it is more blessed to give than to receive, he has a lot of blessings still coming to him.

Support From Our Friends

"Boys Ranch, Girls Villa and Junior Deputy programs are the kinds of efforts which reduce the potential for crime and put precious young lives on the course to fulfillment."

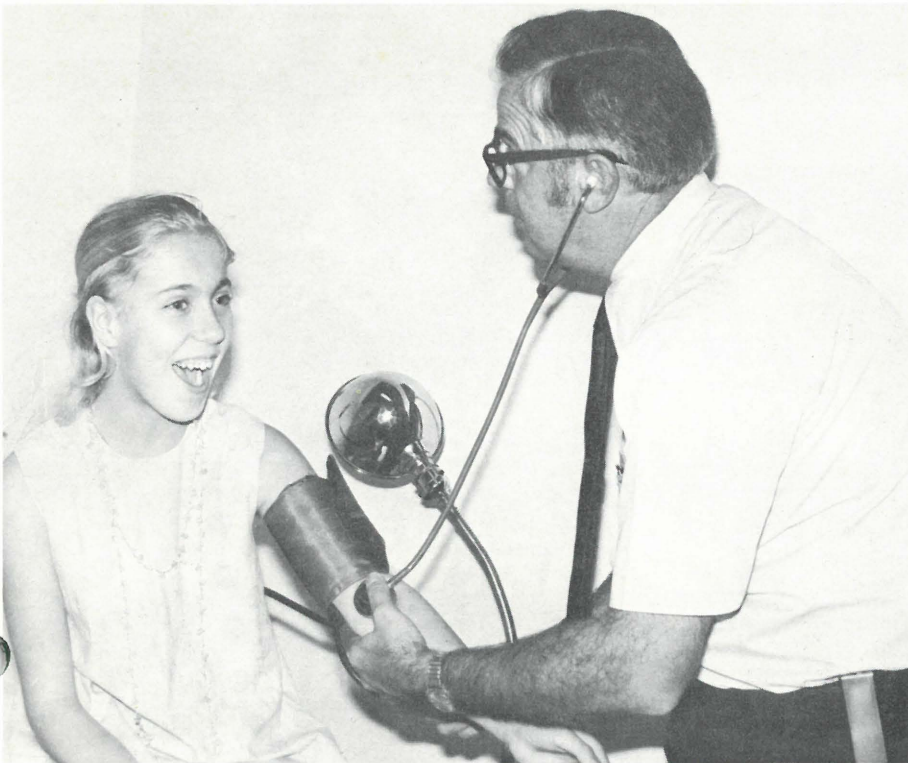

... Governor Reubin Askew

"It is wonderful to be able to help others as you do. God will bless and reward you for your kindness to these boys and girls who need your help."

... Mrs. Julia Bottner
 Red Bank, New Jersey

"My husband of 30 years was a man such as your association will turn out (at the Boys Ranch). He always told me if I was going to donate any money in my life time here on earth, to give to the Florida Sheriffs Boys Ranch because they would be turning out men, not criminals to prey on the public."

... Mrs. Allena Hazel Shafer
 Summerfield, Florida

The Patient Wasn't Just Posing

We picked Julia Babbish to pose for this picture with Dr. Paul E. Coury, coordinator of medical services at the Girls Villa, but while he was checking her over for the benefit of the photographer he discovered she had a minor ear infection and prescribed some medication.

We Get Check-Ups Without Writing A Check

The Florida Sheriffs Girls Villa has its share of aches and pains, but no headaches caused by doctors' and dentists' bills.

Fact is, our girls get the best possible medical and dental care, and it's practically all free.

Ten dentists and 21 doctors in surrounding Polk County have volunteered their services. The dental services are coordinated by Dr. Stuart Roux, of Lakeland; and the medical services are coordinated by Dr. Paul E. Coury, of Bartow. They try to allocate the work so that the burden is equalized among the various volunteers, and also so that specialists are utilized when needed.

The mean age at the Villa is between 13 and 14, just the time in life when expensive orthodontic work is usually needed. Dentists' bills — if we had to pay them — would total around \$3,000 or \$4,000 a year.

The annual price tag on medical care would run even higher, but the bills are

marked "paid" before we even see them. One ear surgery case would have cost us \$1,200 if we had been required to pay the bill.

Eye care is paid for by the Lions Club; and outpatient mental health facilities provide psychiatric evaluations and psychological testing free of charge when needed.

Free speech therapy is also available—and was so effective in one case that the patient ended up enrolling in a "speed reading" course.

Dr. Doris Carson, Villa Trustee and wife of Jacksonville Sheriff Dale Carson, has added an important contribution to the medical program by helping to develop the medical record forms and procedures.

Many generous people are involved, and it all adds up to this: Our girls can get a check-up any time they need it, and we don't have to worry about writing a check.

FLORIDA SHERIFFS BOYS RANCH **IS..**

... a home for dependent, neglected and homeless boys sponsored by the Florida Sheriffs Association. It is not an institution for delinquents.

LOCATED — nine miles north of

Live Oak, Florida

FOUNDED — in 1957

FINANCING — supported entirely by voluntary gifts

SIZE — 2,800 acres

ENROLLMENT — 125 boys are

under care at the present time

MAILING ADDRESS—Boys Ranch, Florida 32060

PHONE — AC 904 842-5501

FLORIDA SHERIFFS GIRLS VILLA **IS..**

... a similar institution for needy and worthy girls located near Bartow, Fla. It was founded in 1970. The first buildings were completed in July, 1972; and the first girls were admitted in August, 1972.

MAILING ADDRESS—Boys Ranch, Fla., 32060

PHONE — AC 904 842-5501

GIFTS TO BOTH INSTITUTIONS ARE DEDUCTIBLE FOR INCOME TAX PURPOSES.

About Your Will....

Many generous friends have included bequests to the Boys Ranch and the Girls Villa in their wills. If you are thinking about a gift of this type, we can furnish information to assist you in drawing up a new will, or revising an old one. Simply fill out and mail the form below or call AC 904 Ph 842-5501 for further information.

The Flavor of Life at the Villa Is Something Other Than Vanilla

Life at the Florida Sheriffs Girls Villa has a family flavor. It comes to the surface strongest on Wednesday nights when girls and staff members get together for their weekly “rap” session. These discussions, which are well peppered with “why can’t we” and “why do we have to . . .” questions, can get heated, and they don’t always end happily for all concerned. They do, however, disclose a relaxed spirit of give and take. There are long stretches of family living at its best, but also occasional flare-ups of temper and frustration. But, isn’t that about the way it goes in any normal family — and isn’t that what we are trying to approximate: normal family living? (Photos on this page are by Earl Wells, Lakeland)

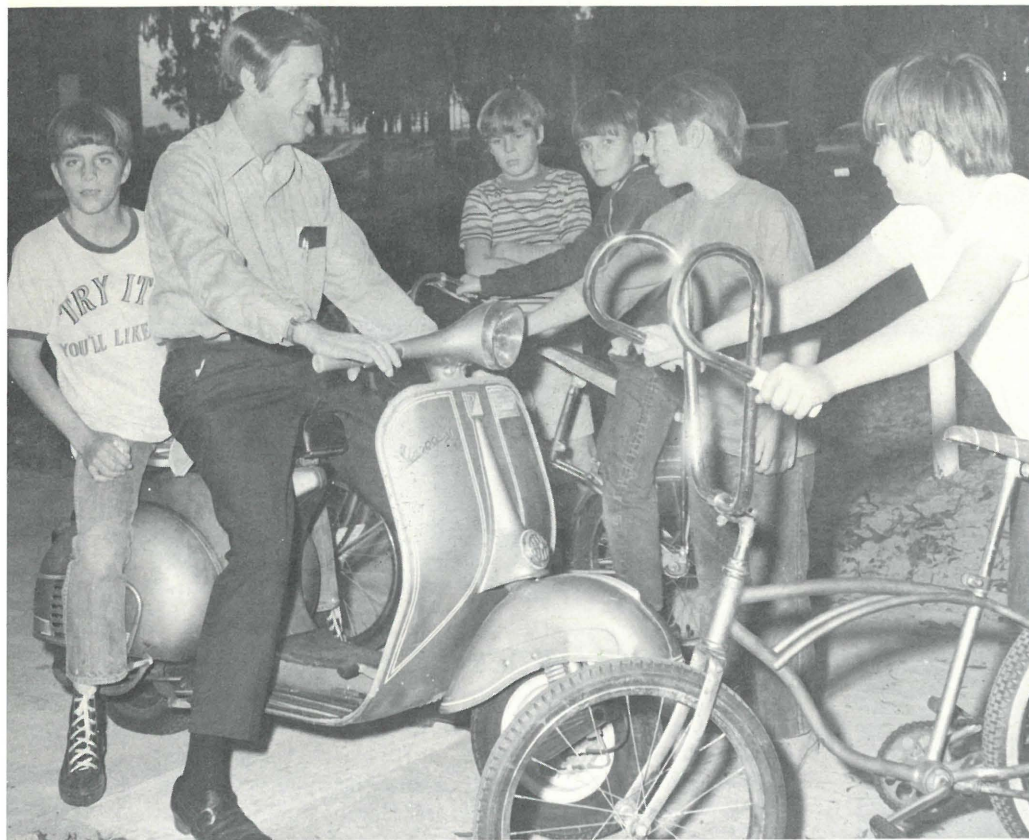

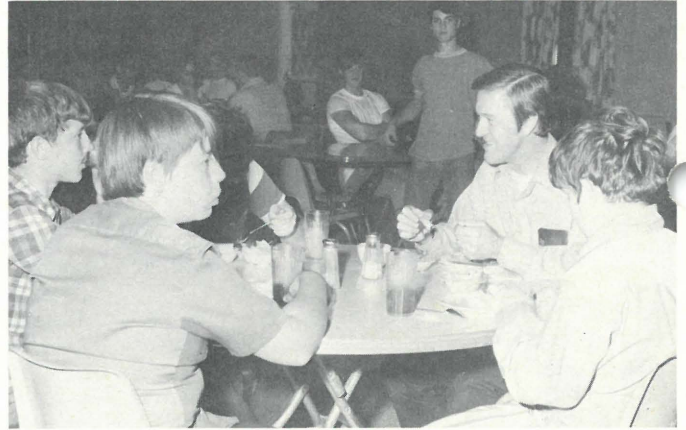

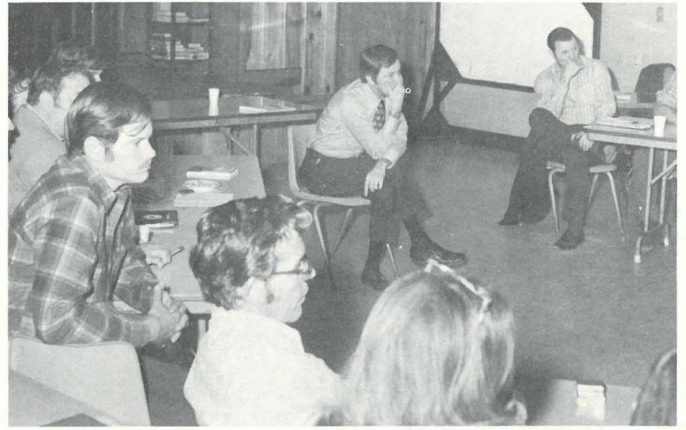

Guests Expected At the Villa

An expensive birdhouse for purple Martins which can be raised and lowered for cleaning, or for eviction of intruders such as sparrows, was donated to the Villa by Miss Gertrude Fetter (second from left), of Winter Haven; and installed by Bill Withington (operating the crank), amateur ornithologist from Winter Haven. Watching the house raising procedure are (from left) Chester Kelly, of the Villa staff; Mr. and Mrs. Bob Haag and son Randy. Haag is the Resident Director of the Villa.

Without Cliff, Staff Members Might Get Into a Rut

The best way to describe Cliff Sanford's job is that he keeps Boys Ranch and Girls Villa staff members from getting into a rut. Cliff is a Group Child Care Consultant from the University of North Carolina, and once a year he visits the Ranch and Villa to hold in-service training sessions with staff members. He discusses their problems and techniques, then submits a professional evaluation designed to show them what they are doing right, or wrong, and to suggest ways of improving their effectiveness. No "ivory tower theorist", Cliff delves into all aspects of the two institutions and communicates well with boys and girls as well as staff members. These pictures show him in deep thought during a training session, having dinner with some boys at the Ranch, and making a tour of the facilities on one of the Ranch's motor scooters.
