## Florida Sheriffs Youth Fund Progress Report for 1983

**Planning begins for  
future expansion.**

(See "Same Dream — New Location," page 4)

## President's Perspective

A message from  
Harry K. Weaver, President  
of the Florida Sheriffs  
Youth Fund

We like to think of our spring issue of THE RANCHER as a progress report, and we're pleased that we have made a lot of progress since last year.

All of the major construction projects that were initiated during our 25th anniversary year have been completed, enabling us to increase our capacity to care for boys and girls in residence by nearly 40 percent. We have also increased our capability to provide counseling services to youth and families throughout Florida.

With all programs operating at capacity, the Youth Fund is currently serving 108 boys at the Boys Ranch, 46 girls at the Girls Villa, 30 boys and girls at the Youth Ranch, and 10 boys in our wilderness program at the Youth Camp for a total of 194 boys and girls at any given time.

There were 365 boys and girls who participated in our summer camping program last year, and we anticipate approximately 500 in 1984.

Youth Fund Family Social Workers are providing counseling and referral services to more than 1,000 youth and families, throughout the state, at any given time.

This is progress, but there is always more to be done. Last year the Youth Fund received 1,301 Requests for Service, an increase of 411 requests over

the previous year. Our Family Social Workers traveled nearly 227,000 miles in response to these requests.

The Youth Fund goal has always been to provide quality care and assistance to as many boys, girls, and families as possible within the limitation of available funds. The generous people of Florida — you people — have provided the support and, together, we have helped a lot of young people to turn their lives around.

This doesn't mean that we can quit and rest on our past laurels. There are too many young people still out there, needing the help that we can give them. As a state. . . as a nation. . . as caring human beings, we can't afford to let our most valuable resource — our youth — go to waste for lack of attention.

Believing this and believing in you, the Youth Fund has taken on another tough challenge. We have acquired property in south Florida, near Indiantown, and with your help it is our intention to develop some new programs to serve more of the troubled youth of that area and to serve them better. We need to bring our programs closer to the boys and girls that they serve so that we can work more effectively with the families as we are working with the youth.

If we can make this new dream a reality, we are projecting a capability to serve approximately 700 additional youth which, added to our current capacity, would enable us to serve 1,400 or more youth at any given time.

We have stretched the resources of the Youth Fund to the limits of prudence, because we feel that the need is great and the time is now.

We have always believed that we have God's blessing in our work. We will renew our faith in that blessing while asking for the continued and even more generous support of old friends and new to help us meet the challenges of the present and future.

Recently elected officers of the Boys Ranch Alumni Association are (from left, standing) Bill Riggins, President; Jerry Willard, Vice President; Joyce Edwards, Secretary; Harvey Bues, Treasurer; (kneeling) Patty Bues, Central Office Alumni Coordinator; Vivian Starling, Boys Ranch Alumni Coordinator.

# THE FLORIDA SHERIFFS YOUTH FUND IS . . .

A charitable, non-profit corporation, sponsored by the Florida Sheriffs Association, to manage and operate the Boys Ranch, Girls Villa, Youth Ranch, Youth Camp, and any other Youth programs that might later be developed by the Florida Sheriffs Association. An important function of the Youth Fund is the raising, receiving, budgeting, and disbursing of funds for its programs. The Youth Fund and its programs are supported almost entirely by voluntary gifts. Gifts and bequests can be made to the Youth Fund for the exclusive benefit of any single program, such as the Boys Ranch, Girls Villa, Youth Ranch, or Youth Camp, or they may be made without restriction, to be distributed among existing programs as most needed or to be used for the development of new programs at the discretion of the Governing Board. Youth Fund Central Offices are co-located with the Boys Ranch.

## BOYS RANCH IS . . .

A residential group child care program for dependent, neglected, or homeless boys between the ages of eight and eighteen. It is not an institution for juvenile delinquents. The Boys Ranch is sponsored by the Florida Sheriffs Association and operated by the Florida Sheriffs Youth Fund. It was founded in 1957 and currently has approximately 108 boys in residence at any given time. The Boys Ranch is located in North Florida, about half-way between Jacksonville and Tallahassee and nine miles north of the town of Live Oak on County Road 795.

## YOUTH RANCH IS . . .

The most recently developed residential group child care program of the Florida Sheriffs Youth Fund. Also sponsored by the Florida Sheriffs Association, it was founded in 1976 and opened in 1978. It is located just east of the intersection of the McMullen-Booth Road and County Road 102 near Clearwater, Florida. The Youth Ranch has approximately 30 boys and girls in residence at any given time. It provides care in a homelike environment for brothers and sisters who are dependent, neglected, or homeless. Mailing address and telephone number are the same as for the Youth Fund.

## GIRLS VILLA IS . . .

A similar program for girls located two miles east of Bartow, Florida, on Route 60. Originally conceived by the Sunshine State Women's Chamber of Commerce of Madeira Beach, Florida, the Girls Villa was adopted as a project of the Florida Sheriffs Association in 1970. The first buildings were completed and the first girls admitted in 1972. There are approximately 50 girls in residence at any given time. Mailing address and telephone number for the Boys Ranch, Girls Villa, and Youth Ranch are the same as for the Youth Fund.

## YOUTH CAMP IS . . .

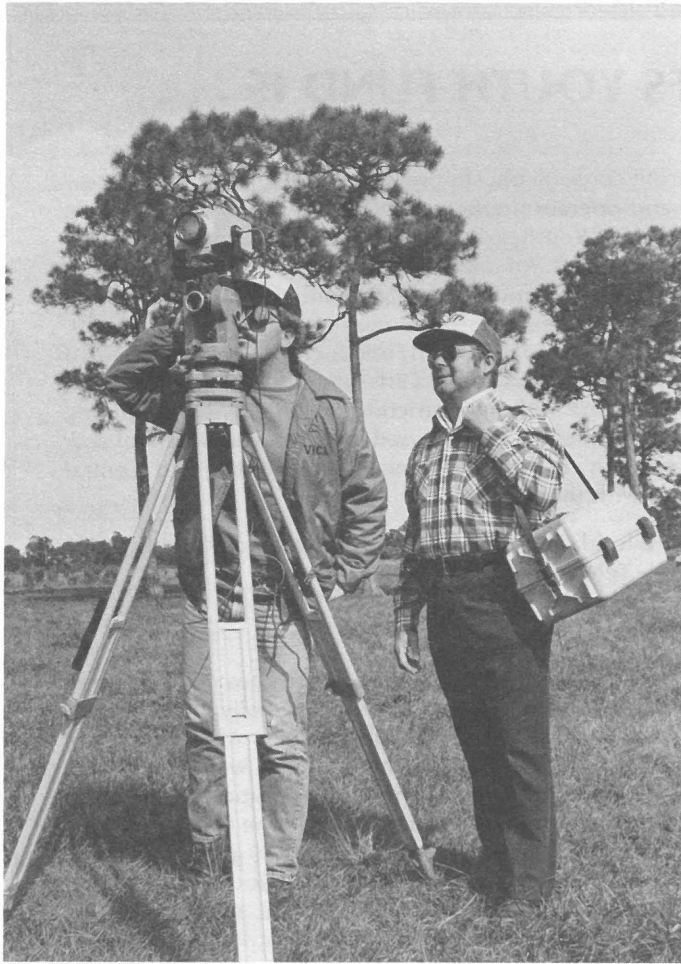

A Youth Fund operated camping facility which incorporates a summer program and a year-around wilderness program for boys and girls. The 154-acre campsite is located one mile northeast of Barberville. Campers are normally selected from among boys and girls who have had Requests for Service submitted to the Youth Fund on their behalf. Many of these youngsters are already on the waiting list for admission to Youth Fund residential facilities. The camping program was initiated in 1981 and acquired its present location in late 1982. Please contact the Florida Sheriffs Youth Fund for further information.

# Same Dream — New Location

Many years ago Florida's Sheriffs talked about establishing a home for neglected, unsupervised, and troubled youngsters. It was their dream, and the dream became a reality in 1957 when a site was selected for the Florida Sheriffs Boys Ranch.

The Boys Ranch flourished, and so did the dream, leading to the founding of the Girls Villa, near Bartow; the Youth Ranch, at Clearwater; and the Youth Camp, near Deland.

This network of child care facilities operated by the Florida Sheriffs Youth Fund materialized over a span of just 26 years, creating a success story far beyond anything the founders could have imagined in 1957.

Cynics say nothing lasts forever — especially dreams — but, after more than a quarter-century of phenomenal progress, this dream is showing no signs of fading out.

Instead, it has acquired a new dimension. Midway in 1983, the Florida Sheriffs Youth Fund acquired a 3,709-acre site in southeast Florida for future expansion. Once again the dreamers were starting out with a piece of unimproved land and high hopes, just as they had at the Boys Ranch and the Girls Villa. For old timers it was a case of *deja vu*, which translates into

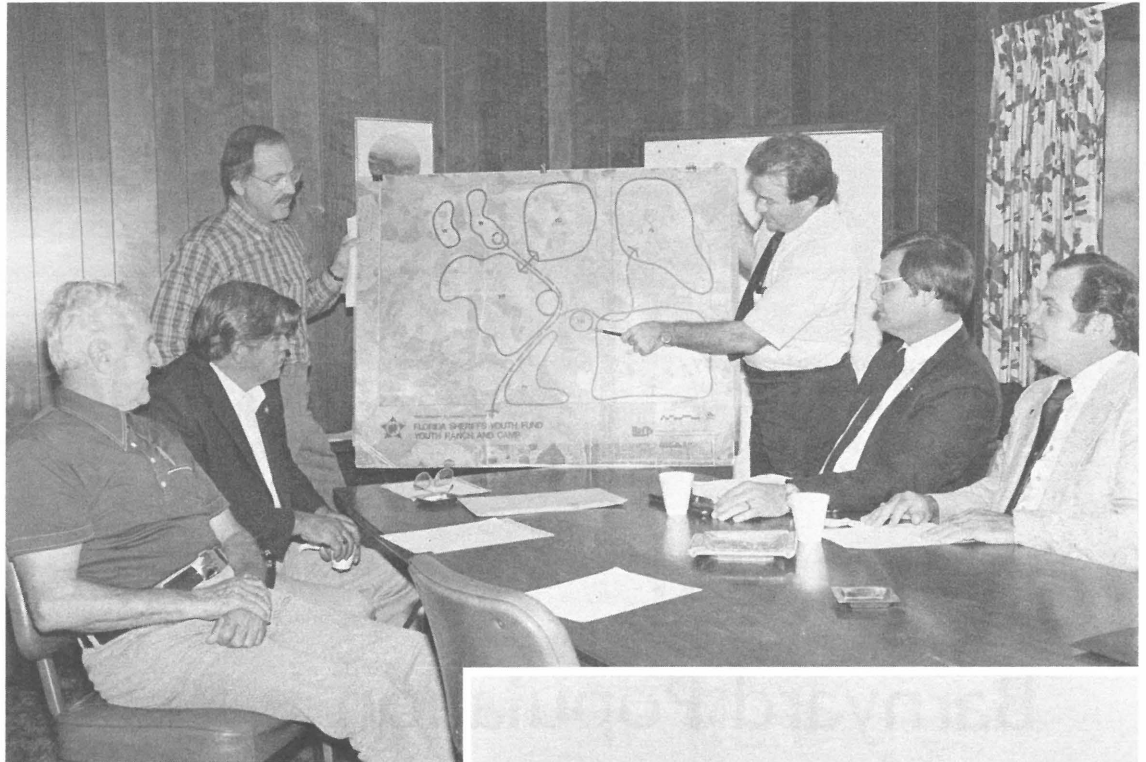

Florida Sheriffs Youth Fund President Harry K. Weaver (left) announces the purchase of a youth camp and youth ranch site. In the background Sheriffs Lanie Norvell, Francis M. O'Loughlin and Jim Holt await their turn to answer news reporters' questions.

Present for the property purchase proceedings were, from left, (seated): Mr. and Mrs. John Shannon and Sheriff L.J. "Lu" Hindery, Secretary-Treasurer of the Youth Fund Board of Directors; (standing) John J. David, attorney; Sheriff James D. Holt, Sheriff Richard P. Wille, Sheriff Robert T. Durkis, Sheriff Francis M. O'Loughlin, Jr., Youth Fund Attorney Gayle Swedmark, and Sheriff Lanie Norvell.

English as "here we go again."

Located northwest of West Palm Beach and west of Stuart near Indiantown, in Martin County, this latest Youth Fund acquisition was purchased as the site of a future youth ranch and youth camp. It will bring to six the number of residential child care facilities operated by the Youth Fund, and it will also make the Youth Fund's child care programs more readily available to youngsters in heavily populated South Florida.

Boys and staff members from the Florida Sheriffs Youth Camp, near DeLand, have already used the Shannon property for wilderness type camping. Planning has also begun for permanent youth ranch and camp facilities.

The engineering firm of Lindahl, Browning, Ferrari & Hellstrom, Inc., began development of a master plan by completing a boundary survey and an aerial topographical survey. The firm is also preparing data for presentation to the Martin County Planning and Zoning Board, and the South Florida Water Management District.

A recent University of Florida land use study completed by R. K. "Kent" Price concluded that the property is well suited for cattle raising, citrus growing, and sod farming.

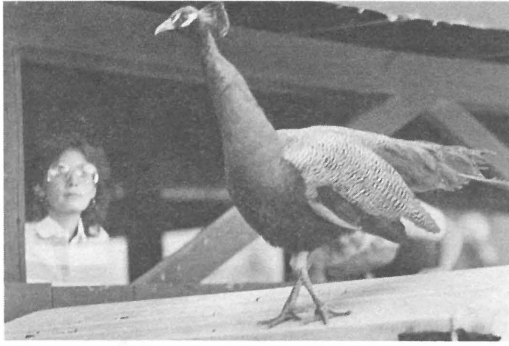

Reflecting upon the progress that has been made in just a few months, Youth Fund President Weaver commented that "The magic is still with us. Another long-standing dream has now entered the realm of feasible reality."

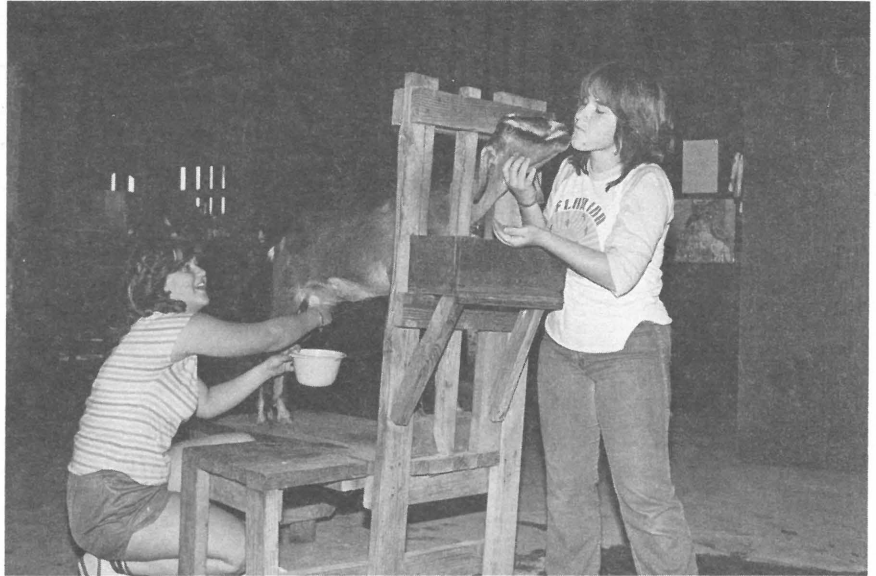

Engineering consultant Lee Henderson (right) explains preliminary site planning to (from left) Sheriff James D. Holt, Leon LaRoche, Youth Fund President Harry K. Weaver, Youth Fund Vice President for Planned Giving Patty Jackson, and Youth Fund Vice President for Financial Development Bob Haag.

Immediately after the Shannon property was purchased, Mr. and Mrs. Leon LaRoche, from Jensen Beach, became the first contributors to the new Youth Fund project. Mr. LaRoche is shown discussing project plans with Sheriff James D. Holt (left). The LaRoche gifts included securities valued at \$10,675; a pledge of \$6,200 to pay for a feasibility study; and a pledge of \$12,000 to pay for reroofing the farm equipment shed pictured in the background.

## Barnyard Population is Booming

Martha Washington, a Nubian goat who traces her aristocratic ancestry to England, is learning to dance with some help from Teresa DelVecchio.

Old Noah, builder of the ark, would feel right at home at the Girls Villa. Although high and dry, he would find himself surrounded by a veritable menagerie of animals.

In addition to the inevitable cats and dogs, there are horses, goats, ducks, chickens, rabbits and peacocks.

Timmy the peacock and Myrtle the peahen are the principal actors in a sort of barnyard soap opera. Timmy arrived at the Villa months ago, and almost immediately showed signs of loneliness (drooping feathers and no strut).

After an extensive search, Myrtle the peahen was brought to the Villa as his mate. There were some tense moments at first when it appeared that Myrtle was going to reject Timmy. She actually ran away, but soon returned. So did Timmy's good humor.

Now, Villa residents are waiting anxiously to see if this precarious peacock romance will produce peachicks in the spring.

Most of the Villa pets are run-of-the-mill, but the registered Nubian goats have aristocratic roots and distinguished names. They were donated by Richard Pence, a man from the Florida Keys, who had to give up his "babies" because of a serious illness. He named them George, Martha, Abby and Ruth in honor of an American President and three President's wives.

The barn cat is getting fat on a diet of goats' milk. The girls are using goats' milk to make fudge, and are not getting fat — not yet.

# When These Folks Arrive at Our Gate Some Worries Just Seem to Evaporate

When thousands of visitors arrived to celebrate the 26th Anniversary of the Boys Ranch last October, bringing a caravan of motor homes, campers, tents, trailers and horses, we had a few things to worry about.

Would it rain?

Would we have enough barbecue and chicken pilau to feed this hungry crowd?

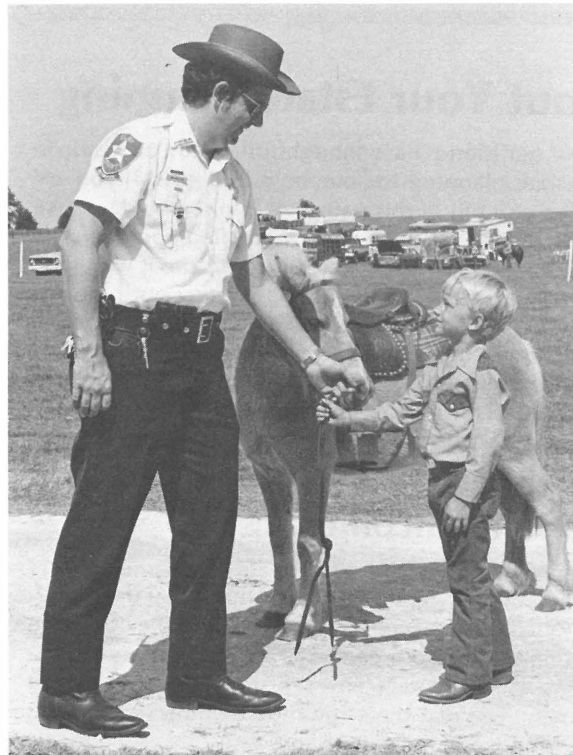

Would we be able to maintain our clean record of no serious accidents in the horse show arena?

Fortunately, there were also a few things that we didn't have to worry about, such as security, crowd control, and traffic control. The Clay County Reserve Deputies were on duty, as usual, and they had the situation well in hand.

These dedicated volunteers have been making annual visits to the Boys Ranch since 1970, and we are deeply indebted to them for their loyalty and generous support.

During their first visit they helped to build the horse show arena, which was a gift to the Boys Ranch from the Clay Mavericks, a Clay County riding club.

The following year, when the first horse show was held in the arena as a prime feature of the anniversary

Ron Melton takes time out for a discussion of horsemanship.

celebration, they came back again. This time they were in uniform, and we were much relieved to be able to turn the security duties over to them.

Fortunately for us, they have been coming back every year since then, donating their services to give us around-the-clock coverage for each three-day celebration. Each year the celebrations have been getting larger, and the security responsibilities have been getting more complex, but the Reserve Deputies have been equal to the challenge.

We think these part-time volunteers are super helpers, and Clay County Sheriff Jennings Murrhee shares our admiration. Working without pay, they help Murrhee's full-time deputies with many law enforcement duties such as K-9 patrol, marine patrol, underwater search and recovery, transporting prisoners, escort duty, community relations, crime watch projects, large animal control, traffic control and crowd control.

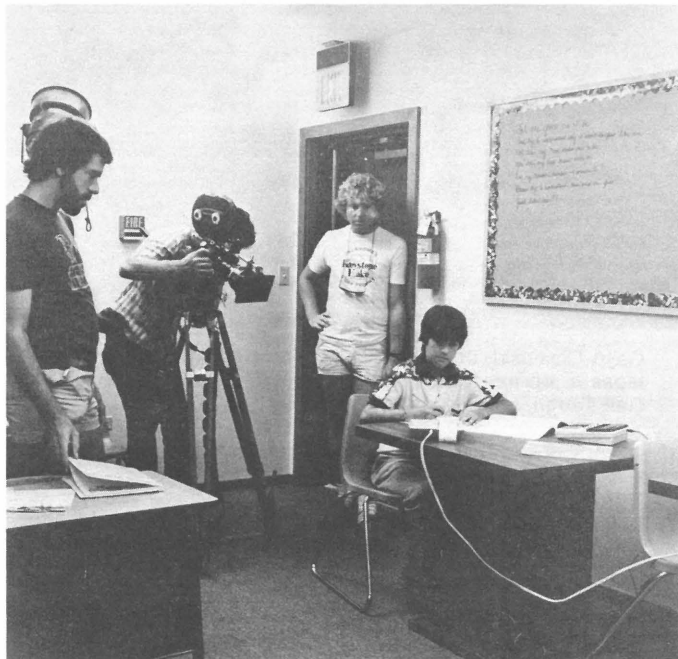

This tradition of unselfish public service goes back to 1964 when Murrhee founded the Clay County

Sheriff's Mounted Patrol with approximately 23 members. Later the name was changed to Clay County Sheriff's Reserve, and the roster steadily increased to the present level of some 50 members.

Recruits are required to take 80 hours of basic law enforcement training, and all members have an opportunity to sharpen their skills by attending monthly in-service training sessions.

The Reserve Deputies are under the command of Captain Hal Blaylock, who has been with the outfit since the beginning. For the first two years he was a volunteer. Since then he has been a full-time deputy sheriff assigned to special services, a position that allows him to develop a close rapport between the Sheriff's Department and the reserves.

It's always a welcome sight to see Captain Blaylock and his competent crew showing up at our Boys Ranch anniversary celebrations each October. We know immediately that security, crowd control, and traffic control will be handled in an efficient and professional manner.

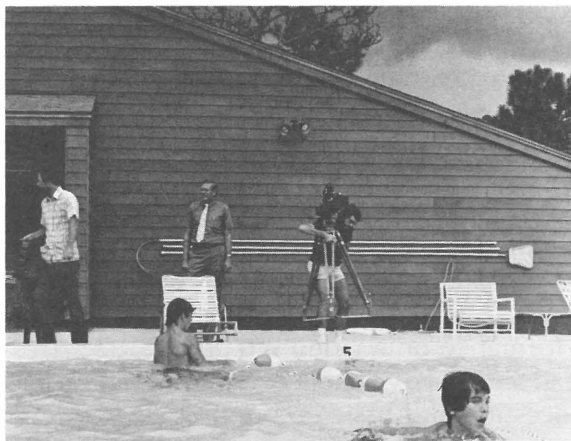

Scenes from the Boys Ranch, Girls Villa, Youth Ranch and Youth Camp are included in the movie.

## New Movie Available for Viewing

A new Florida Sheriffs Youth Fund movie titled "New Beginnings" has just been released and is now available for viewing by clubs, churches, schools and other groups.

To make arrangements for a showing to your club or organization, please call or write Jim Mason. The telephone number is (904) 842-5501. The address is Florida Sheriffs Youth Fund, Boys Ranch, Florida 32060.

The 14½ minute movie was produced by Filmmakers Group, Inc., of Fort Lauderdale. Judy Rivera-Rosso, from Key Biscayne, wrote the script.

Among the first Girls Villa girls to benefit from computer-assisted education were (from left) Teresa DelVecchio, Laura Howell, Lorri Hollingsworth, Bonnie Cauthen (at terminal) and Maria Root.

## Learning — A Terminal Illness

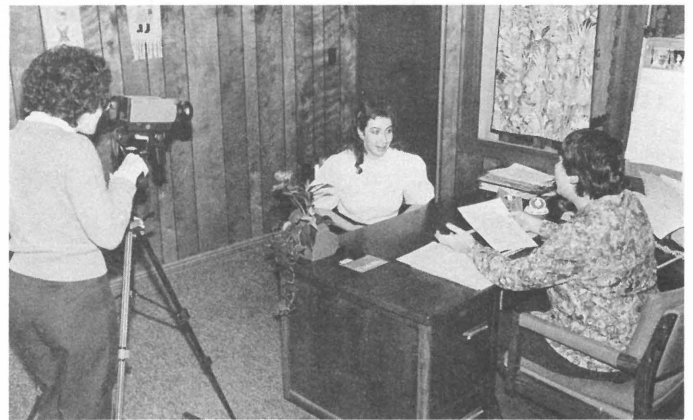

Some punster said learning has become a terminal illness at the Girls Villa, and it's true. Girls enrolled at the Learning Center are spending less time with books and blackboards, and more time in front of computer terminals; with the results that they seem to be acquiring more knowledge in less time, and enjoying it more.

Computer-assisted education came to the Villa recently after two Commodore computer systems and a Video Cassette Recorder system were donated in memory of Ann Marshall. The gift came from the Wokmen's Team Tourney, one of the events held during the Annual Girls Villa Classic, a Bartow fund raising project that features golf and tennis tournaments.

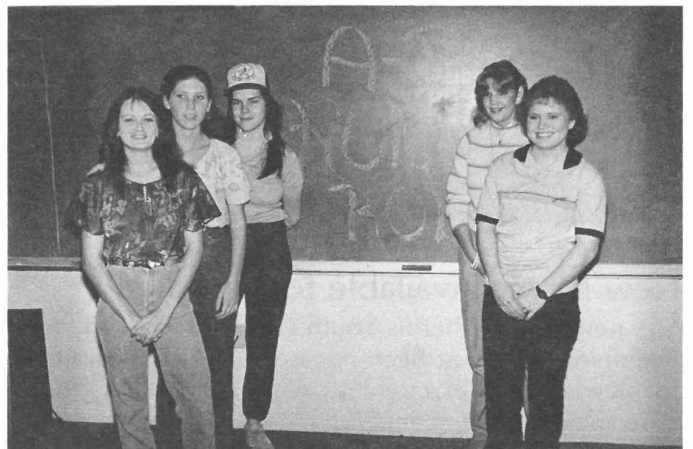

Gaye Ciesinski, the Villa's Coordinator of Education, said the recently acquired equipment has enhanced the Learning Center program in many ways. Subjects such as grooming, nutrition, assertiveness and drug awareness can be taught more effectively.

So can tips for practical living. For example: When being taught how to conduct themselves in a job interview, the girls act out an interview before a video camera, and then have an opportunity to evaluate their performance on a video screen.

They can also learn valuable computer skills such as word processing and basic accounting.

Gaye Ciesinski, the Villa's Coordinator of Education, video-tapes a job interview acted out by Lorri Hollingsworth and Gail Taugh, Learning Center teacher.

Dropping the level of the pond may restore the Resident Director's serenity, and inspire him to write a poem.

## Progress at the Pond May Restore Youth Ranch Poet's Peace of Mind

To writer Henry Thoreau, Walden Pond was a source of endless delight. He spent long hours watching the playful breeze dropping into it, then springing to right and left, "quick as a kitten playing with dead leaves."

At the Youth Ranch we have a small version of Walden Pond that appears to be capable of launching writers into flights of fancy, and Resident Director "Mac" Stones is our "poet-in-residence."

But, until recently, whenever "Mac" gazed upon the pond, all he saw were problems. No matter if the slanting rays of the setting sun spread dancing diamonds across the rippled surface, "Mac" was blind to the pond's poetic metaphors. He developed symptoms of terminal writer's block.

It bothered him that the pond was well stocked with fish, but fishing was difficult because the banks were choked with lush aquatic plants.

U.S. Navy Seabees from St. Petersburg, who frequently volunteer to take on construction projects at the Youth Ranch, eliminated the problem late in 1983 by building a fishing dock.

"Mac" was pleased with their handiwork, but the pond still ruffled his peace of mind. Engineers told him that, because the pond lacked an outlet, it was contributing to the high water table, which in turn was causing serious drainage problems.

Fishing became more fun after the U.S. Navy Seabees constructed a dock.

It seemed that the pond was destined to remain a palpable pain in the Resident Director's perspective. Then, near the end of 1983, a decision was made to construct an outlet as part of a campus-wide drainage project. This lowered the pond level, and now "Mac" is waiting to see the results.

If the water table drops and lawn mowers no longer become bogged down in low areas of the property, it is likely that "Mac" will regain his peace of mind. Then, perhaps, he will be able to ponder the pond without losing his poetic frame of mind.

### Of Course, The Answer Was "Yes"

Joe and Eunice Macera, Boys Ranch staff members, recently received a letter from Damon Sleighter, a former Rancher, telling them that his father had died and now he had no family. He wanted to know if they would be his "Pop" and "Mom" forever.

"Naturally we told him 'yes,' " said Eunice.

If any staff members or Boys Ranch alumni want to write to Damon, who is in the Army and has returned from overseas, his address is: SP/4 Damon L. Sleighter, HHC. Co., 30th Eng. Bn., Ft. Belvoir, VA 22060, 267-37-2491-SSN.

## Improvements Put Youth Camp in Great Shape for 1984 Programs

Aided by a grant from the Jessie Ball DuPont Religious, Charitable and Educational Fund, a Jacksonville benefactor, the Florida Sheriffs Youth Camp has undergone extensive improvements in preparation for its second year of camping activities.

The renovation project, which began early in 1983, included winterizing buildings for year 'round use; upgrading the plumbing and electrical systems; improving the existing facilities; constructing additions; restoring the swimming pool; and making improvements to the sewage, drainage and water systems.

The DuPont Fund grant of \$136,554 defrayed half of the cost of renovating the camp. The balance was paid by the Florida Sheriffs Youth Fund from its resources.

The Youth Camp, located near DeLand, was formerly operated as Camp Ticochee, a Girl Scout facility. The Youth Fund acquired it in November, 1982, and immediately began renovating it. Camping facilities were already available on the 154-acre site, but the Girl Scouts had discontinued using them. Consequently, considerable refurbishing was required to make them suitable for summer camping and a year 'round wilderness camping program.

Both programs were started in 1983 and served nearly 400 disadvantaged boys and girls.

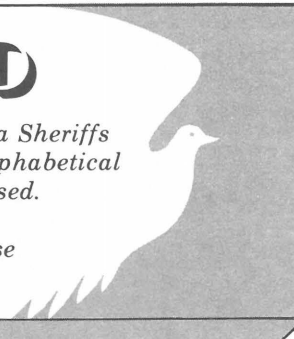

Keeping the facilities shipshape is a constant chore at the Youth Camp.

## Just stringin' along... With a Thmile and a Thong

The annual Girls Villa Talent Show is getting more elaborate each year, and more of a chore for Recreation Supervisor Jim Grazier. The 1983 version, which was videotaped for the first time, included comedy skits, a parodied fashion parade, singing, dancing and piano playing. The hit of the show was a live puppet act which required a lot of strenuous effort from the puppeteers, and a display of lively talent from the puppets.

The puppeteers were Recreation Supervisor Jim Grazier (left) and Gary Welshans, who is a Group Parent and also a Recreation Assistant. The puppets were Debra Dickler (left) and Cindy Landry.
