# President's Perspective

Roger O. Bouchard, Jr.  
President, Florida Sheriffs Youth Ranches, Inc.

*It is certainly not news to anyone reading this perspective that our nation is in the midst of the worst economic downturn*

*since the Great Depression. The collapse of banks and financial institutions, decline in the stock market and property values, and loss of over 8 million jobs have put a severe strain on everyone. Although there have been some hopeful signs on the horizon, it looks like we are facing a long recovery period.*

*The Florida Sheriffs Youth Ranches entered this recession in excellent financial shape. We were debt free and had diligently put money into savings during the good years when charitable giving was strong. Our conservative financial policies had allowed us to increase the number of children we were serving while keeping our expenses as low as possible.*

*As our donors began to suffer the effects of poor earnings on their investments and the fear which accompanied the economic crisis, the flow of charitable gifts to the Youth Ranches began to decline. During the past three years, gifts from individuals, corporations, foundations and special events have all seen major reductions. Along with this, we have also experienced a sharp decline in the number and value of gifts left to the Youth Ranches through our donor's estate plans.*

*Due to the fact we had built up some savings over the years, we were able to use these reserves to fill the gap between our revenue and expenses. This enabled us to keep all of our cottages open and other services to kids and families at full level. We felt this was important since the need for our services had increased dramatically as the economy worsened. In the past three years, we have used two-thirds of our savings and have realized these will be depleted soon if we do not make significant reductions in our expenses. We have also cut back expenses in many ways including all of our Youth Ranches employees (except Cottage Parents) taking a day off without pay each month since February of 2009.*

*In our projections for next fiscal year's budget which will begin October 1, we are projecting a \$2.2 million deficit between revenue and expenses. A special meeting of our Board of Directors was held to grapple with this problem and some agonizing decisions were made to reduce staff and services to youth and families. These reductions will include closing five*

of our residential cottages, eliminating over 30 staff positions and putting a number of additional cuts in place to reduce the deficit and stretch our reserves for a longer period of time.

This temporary closing of five cottages includes two at the Boys Ranch in Live Oak and one each at our programs in Bradenton/Sarasota, Safety Harbor and Bartow. The impact of this will be 50 less beds available for boys and girls at a time when we have youngsters waiting for our help. Parents have already been contacted and informed it may be six months or longer before a bed is available for their child.

During the past few months, I have spoken to a number of our donors at various events around the state. The most common question I have heard is "What does it cost to keep a cottage open for a year?" That number is around \$200,000 which covers the cost of staff, food, utilities, clothing and the many other expenses needed to care for and educate ten boys or girls. There is no doubt that it is expensive to provide round-the-clock care, which includes counseling, education and training for young people, but we have always believed it is better to spend this when they are young rather than to spend it in the criminal justice system when they get older.

Our immediate goal is to provide high quality care and services to as many boys and girls as our finances allow. The next goal is to figure out a way to get those closed cottages open again so we can serve the 50 children who will not have this opportunity to get their lives going in the right direction without our help.

We have an incredibly faithful donor family who has stuck with us in good times and bad. I know each of you have been affected by this recession and have done what you can to help. For that, I am grateful. For the past few months I have been overwhelmed with the idea of trying to raise the \$2 million needed to balance the budget.

On an early morning drive across the state, I began to think that if many people all made an effort, we could accomplish great things. \$2 million is only 2,000 people giving \$1,000 over and above what they normally would give. It is 4,000 people giving \$500 or 8,000 people giving \$250. There are 18 million people in the state of Florida and I believe there are enough who care deeply about children and the work the Youth Ranches has done for the past 53 years to keep these cottages open and say "Yes" rather than "No" to these children waiting for a place to live.

In closing, I would ask each of you to consider an additional gift to the Youth Ranches above and beyond what you would normally give. As additional funding comes in, we will reopen closed cottages and begin once again saying "Yes" to children who need a home.

Thank You and God Bless,

Roger Bouchard, President

PS: Please mark any gifts directed toward this effort as "Champion for Children Campaign" so your donation can be directed to the reopening of cottages and serving at least 50 more children next year.

# Two Boys, ONE BAG

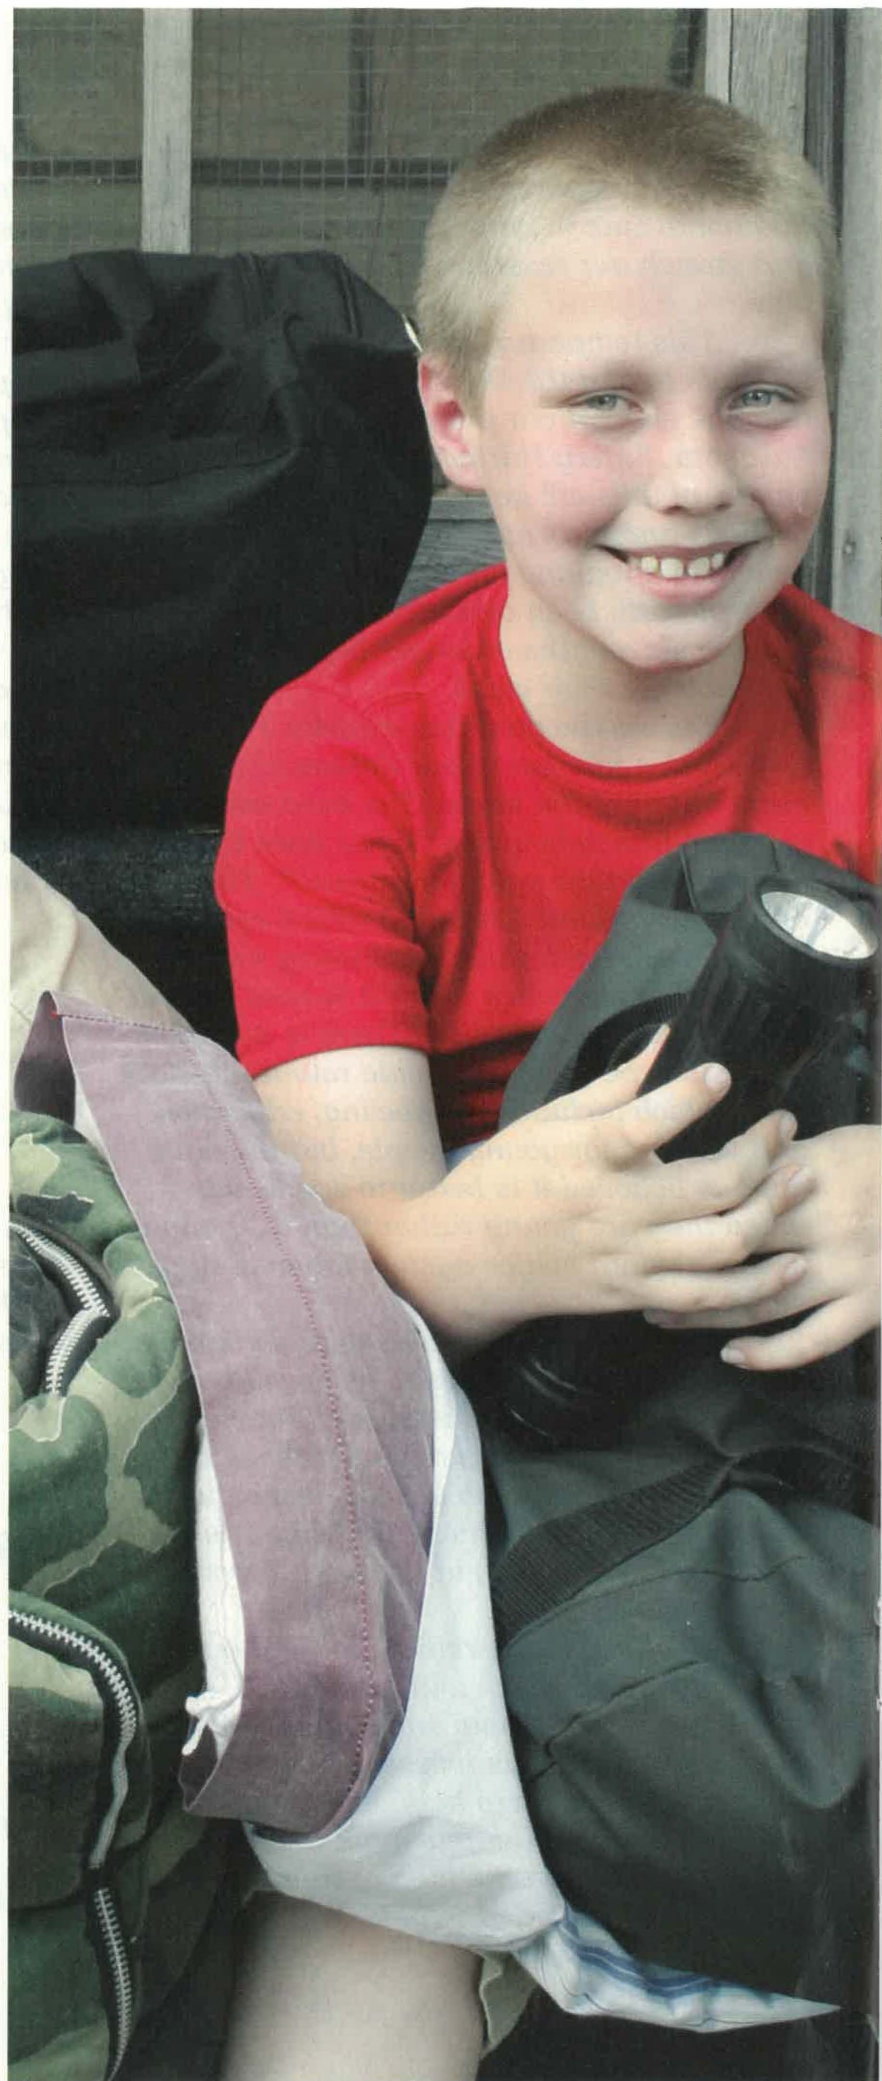

*MENDING LIVES, HEALING HEARTS*

They were brothers, ages 10 and 11, but looked more like seven and eight. Very slight and lean, but full of energy and spunk, the boys hurried off the bus and immediately began chasing each other in a game of tag. They were full of life and so excited to be at camp!

Gathering all the kids from the bus trip together, the summer camp counselors began calling out the names of the children assigned to each campsite. One counselor hollered "Troy\*" while another said "Alex\*." The boys stopped in their tracks and frowned a bit, shaking their heads from side to side. Then, Alex pleaded, "No that can't be right... we have to stay together."

Puzzled by the stark change in behavior, the Senior Counselor asked the boys to go with their assigned group and promised they would sort it out after lunch. The boys readily agreed and reverted right back to being happy, carefree children. Lunch was certainly on their minds!

As the kids went to eat, the bags got unloaded from the bus and the boys' concern was immediately evident. There was only one large brown grocery sack with both boys names written on the outside...and

it was only half full. The boys had one change of clothes each, one towel, no swim suits and a small bar of soap.

Saddened by the reality of what little they had to share, the Senior Counselor knew what she had to do. With the help of donors like you who send in gifts to support Summer Camp, she was able to buy the clothes and supplies the boys needed while at camp.

After lunch, she called Alex and Troy to the side. "Hey guys? We have some of these "extra" items here and I think they are about your size. Can you make good use of them?" Grins from ear to ear hardly describes the boys' smiles. They both said "Yes" together and then hollered "Jinx" in a typical childhood way.

"So each of you have met the other campers in your group, right?" she asked cautiously. "Are you guys ok with being in different campsites?"

"You bet!" exclaimed Alex as Troy nodded in agreement. "We are ready to have some fun!"

**Thanks to you, kids like Troy and Alex will have everything they need for a wonderful week at Summer Camp.**

We are able to provide for these children through your charitable donations. Thank you so much for your continued support of the Florida Sheriffs Youth Ranches "Florida's Charity for Florida's Children."

# Rancher Kyle Excels at the Boys Ranch

Clay County Sheriff Rick Beseler congratulates Kyle on his success at the Boys Ranch.

**“M**y name is Kyle. I am 17 and a junior at Suwannee High School. I am proud to say I have a 3.2 GPA. The Ranch has been my home for the past three years. Sometimes it has seemed to be three long years. The issues I came here with were many. The things I needed most were missing in my life...like supervision, direction and someone to hold me accountable for my mistakes and support the things that were positive in my life.

In hindsight, my first six months were less than positive. Going from “me, myself and I” now I had Cottage Parents, a Unit Director, a Therapist, Teachers and a Boss at work...all wanting me to succeed! The things I once lacked were now a part of my everyday life. Before coming to the Boys Ranch, I never had consistent direction. This was an eye opening experience to say the least! I

soon learned to make my bed, tuck in my shirt and follow directions...and that was just the start of the changes in my life!

As my time passes here at the Boys Ranch, I have just begun to realize the impact the Ranch has had on me. Where before I just acted regardless of the consequences, now I think about what I am doing before I act. For example, we were repairing a fence line at the farm and, to be honest, we were doing a half-hearted job and it showed. Mr. Jeff, the Farm Manager told us we would redo this fence until it was right. It took us pulling fenceposts out of the ground and redoing that fence five times, before we got it right. There are a lot of “do overs” at the Ranch because I can tell you I sure didn’t arrive with that 3.2 GPA.

***“I have really progressed in school and now I have real direction.”***

I have really progressed in school and now I have real direction. I want to go to college, and possibly become a Veterinarian. The farm program opened my eyes and gave me the opportunity to grow and find work I really enjoy. In 2009, I won the Tweed Horsemanship Trophy. I love breaking and training horses, working with cattle and team roping. I am going to be a senior next year and I am looking forward to graduation. One day, I want to own my own farm. It excites me to put my plans into action.

I would like to say “Thank You” for all you put into the Florida Sheriffs Boys Ranch. All of the Ranchers have some reason for being here. The chance to grow and find that niche for me has made the Ranch an important part of my life and I am truly grateful for this opportunity.”

**F**ighting in school sometimes makes a kid want to avoid the conflict and cut classes.

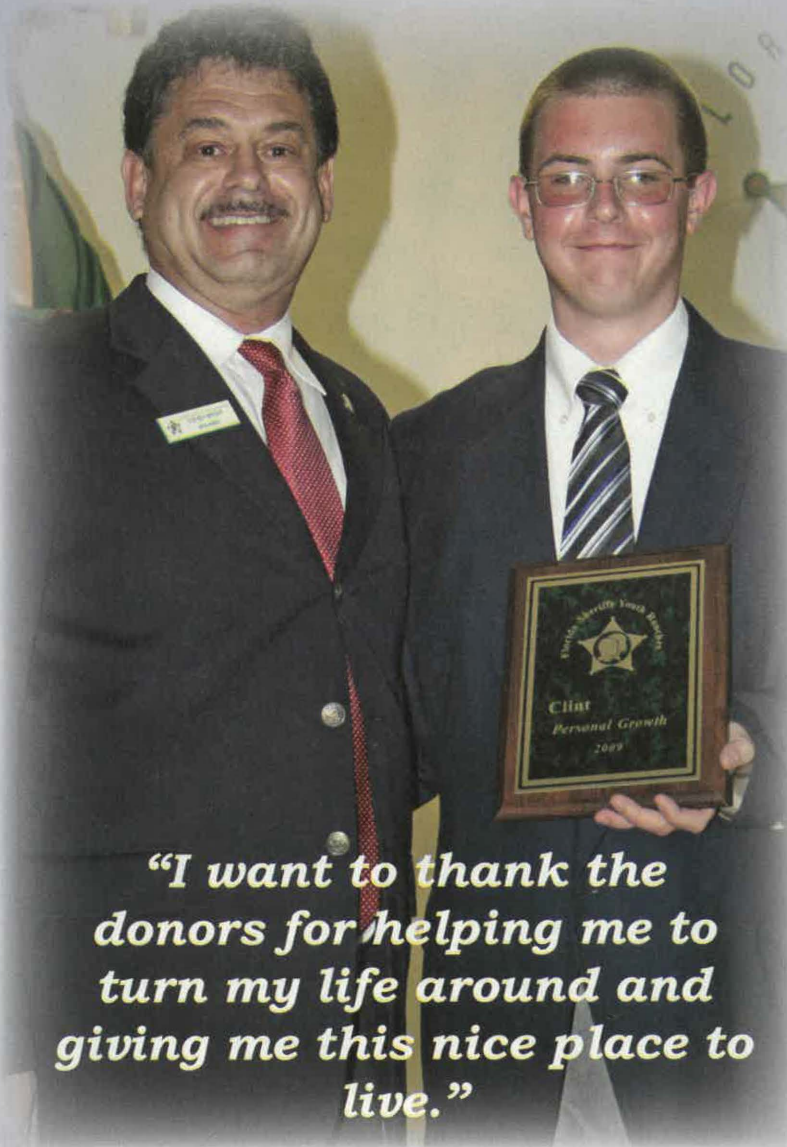

Skipping school often leads to poor grades which usually causes tension at home. The cycle once started is very hard to break!

For Clint and his family, the frustration and anger was too much to handle. They needed help and the Florida Sheriffs Youth Ranches was there for them.

Today, Clint goes to school, makes good grades and has a job to earn some spending money and save for his future. His family is very proud of what he has achieved and share in his hope for a brighter future. "I wanted and needed a change in my life but I didn't know where to begin," said the 18 year old Junior. "I want to thank the donors for helping me turn my life around and giving me this nice place to live."

Clint goes on to say, "I am really proud of how I have matured, especially in the area of anger management, relationships

with my family and knowing that if I work hard, I can reach my goals."

Living at the ranch for two years has been a "reality check" for Clint. He understands the value of a day's work for a day's wage. "I can see that money can be earned if you work hard," he said. "But you have to want to go to work and do a good job. That is how you get ahead in the world today."

Aside from school and his job at the local Dairy Queen, Clint was selected to represent the Boys Ranch as a Page in the Florida Senate. "It makes me feel good to be a leader among the other boys at the Ranch." He also volunteers as an Explorer with the local fire department. "We get to learn about their job, what they do and how they do it. We even get to go on calls with them!

Even though I have to stay in the truck, it is really exciting to see them in action."

With the opportunity for a better life, Clint is eager to return home and begin his senior year back at his former high school. "I am ready for the challenge to prove myself and be a successful man!"

Chiara and Patrice proudly display their harvested crop of cauliflower and broccoli.

A few years ago, an idea was planted in the fertile soil of the Youth Villa, “Let’s grow a garden!” The idea quickly took root as the girls partnered with some willing teachers from the Polk County School system who had all the right expertise to help get the project “off the ground” or more literally “into the ground!”

The goals were set very high – first they wanted to produce fresh vegetables for all the cottages at the Youth Villa and, at the

same time, they wanted to grow plants and improve the landscaping across the campus. Two short years later, they are achieving this goal with great success!

Rows and rows of lettuce, broccoli, cauliflower, rutabagas, onions and more grow abundantly in the Youth Villa Garden. A few steps away in the greenhouse, small sprigs of shrubs take root and are re-potted as they bring out their color and beauty for all to see.

The lessons of the garden often mirror the challenges faced by the girls who live at

the Villa. It is plain to see what happens when they lack the water and nutrients of stable childhood. Further along, weeds and other negative influences can also crowd out their positive growth. And yes, re-potting, moving and change can be traumatic but can also present new opportunities to flourish.

We are so proud of our girls and this great effort to help save money by providing fresh vegetables and gorgeous plants for their homes. But more importantly we see the sense of satisfaction and pride in their eyes when they realize that their hard work has produced such a bountiful blessing for our community.

## Indian River County Sheriff's Office Hosts Annual Barbecue

Once again the Indian River County Sheriff's Office Annual Barbecue was a success. People from throughout Indian River County and surrounding communities had the ability to see demonstrations from the Indian River County Sheriff's Office S.W.A.T. team and K-9 team. The Lake County Sheriff's Office Mounted Posse was also on hand to give demonstrations using their horses. Those who attended were also welcome to visit static displays, tour the new jail and enjoy a nice barbeque lunch. As a result of the event, Indian River County Sheriff Deryl Loar presented Florida Sheriffs Youth Ranches President Roger Bouchard with a check for \$40,000.

# An American Hero!

Bessie Ruth Calhoun Weil was born in Bradenton, FL in 1920. She was about nine years old when the Great Depression hit our country. Her childhood was not easy or carefree; she understood the word "struggle" far too early in her life.

In the 1940's, she joined the military and served as a First Class Petty Officer in the United States Coast Guard. She received the American Theater Medal and the Victory Medal for her commitment to our country during World War II.

Mrs. Weil earned her private pilot license in 1948 and loved to fly solo off the coast of St. Petersburg. She studied fervently and received a Master's Degree from the University of Florida. Professionally, Mrs. Weil handled editorial research for the St. Petersburg Times and taught high school history. She was quite an accomplished woman!

The lessons Mrs. Weil learned and the impact of the Great Depression during her childhood never left her memory. She was driven to achieve, worked diligently to protect her hard earned paycheck and preserve her assets. She also gave generously to those in need, especially young children who had it tougher than most... somehow, she understood their struggle and their pain.

In 2007, Mrs. Weil received a commemorative plate from the Youth Ranches presented by Donor Relations Officer Don Meek (left) and Pinellas County Sheriff Jim Coats.

Mrs. Weil passed away on August 13, 2009. Her charitable giving was diverse and thoughtfully planned. It included generous cash gifts, several charitable gift annuities and a portion of her estate in a bequest to the Florida Sheriffs Youth Ranches. We are grateful to her for reaching out and making such a difference in the lives of our boys and girls.

# Great Strides Seen at the Ranch in Bradenton/ Sarasota

Ranchers ride in formation during a demonstration at Open House.

Each Youth Ranch campus hosts an annual Open House to be sure our donor family has the opportunity to meet the children in our care. This year, the Youth Ranch in Bradenton/Sarasota had a special treat for our guests as they unveiled a spectacular display of horsemanship and control.

Working with the members of the Manatee County Sheriff's Office Mounted Posse, five Ranchers earned the privilege of demonstrating their skills for the crowd. Each boy rode through the campus and then took the horse through some very special challenges such as pushing a barrel, walking through a curtain and stepping gently by colorful obstacles.

The rider must have great control of the animal and the animal must trust the commands of his rider. Patience and repetition are critical as the horse and rider

learn to work together to achieve a goal.

The horses, which are routinely used in crowd settings by the Sheriff's Office, get the experience of being guided by more than just one rider. The boys, who only ride the animals on the Ranch, learn about the care, maintenance and responsibility of the job they have been called to do. Additionally, they gain some valuable hands-on experience that may lead to future vocational or recreational opportunities.

Working side by side with law enforcement officers also builds a unique and special camaraderie. Friendships are forged and new perspectives are gained as they build mutual respect with these great role models.

We invite you, our donor family, to drop by and visit any of the Florida Sheriffs Youth Ranch campuses at your convenience. No special invitation is needed. You will be glad you did!

The Ranchers and horses must move through each obstacle without wavering.

# Sponsor A Kid at Camp!

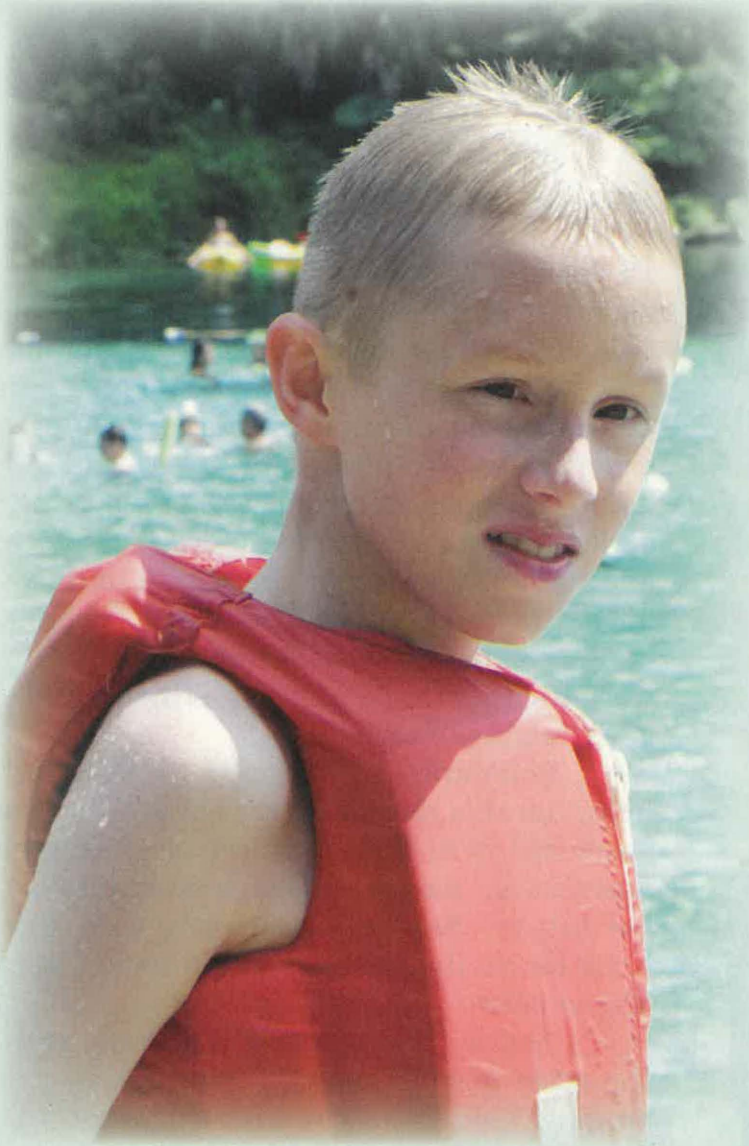

Do you remember the first time you paddled out in a canoe, saw a deer in the forest or slept away from home? A lot of first time experiences happen at Summer Camp. Boys and girls learn to swim, sing silly songs, explore the challenge course, ride bikes and so much more!!

The activities we provide at Summer Camp are far better than many alternatives kids have at home. We want them to avoid the negative first-time experiences they might drift into while left unsupervised at home.

Summertime can be tough for underprivileged children. Even when boys and girls are trying to make good choices, they may not have enough food in the house or the area for them to play in may not be safe. Additionally, others around them may be putting negative pressure on them to make bad choices.

**Will you be the person who helps a child have positive first-time activities this summer?** Your Camp Sponsorship will provide a fun, safe childhood activity for a needy or

deserving boy or girl. Your gift of \$250 will sponsor one child at camp this summer. A gift of any amount will be combined with the gifts of others to provide great boys and girls a wonderful camp experience!

# Sarah's Song

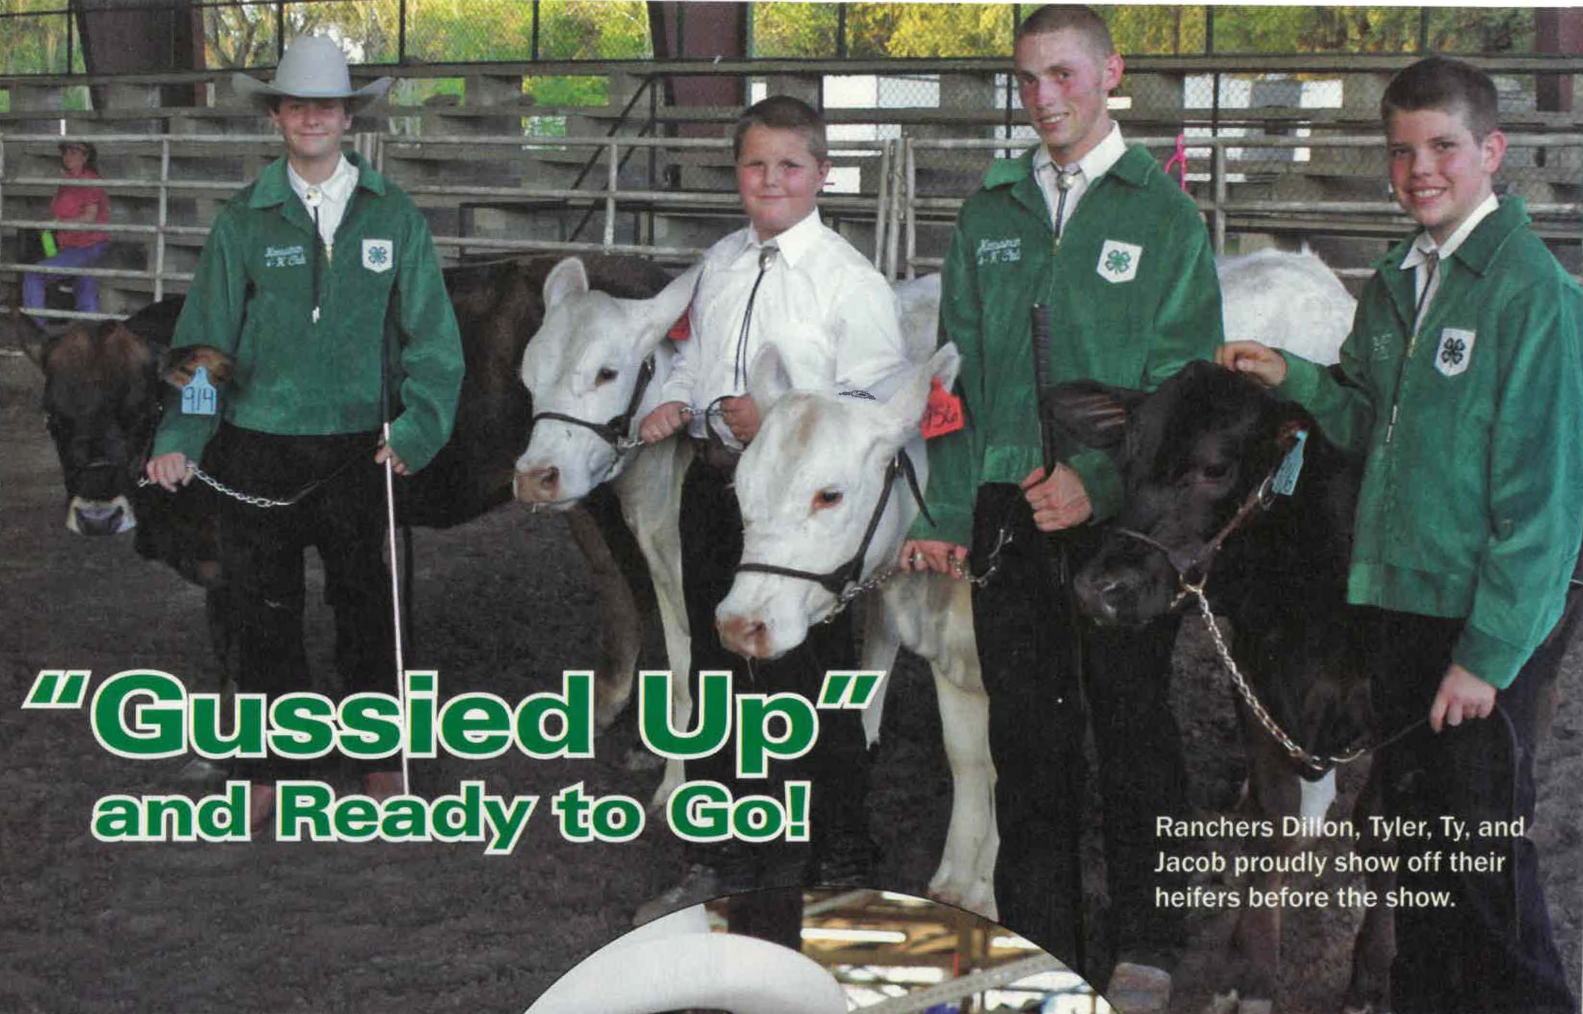

She spoke from the heart...then sang her heart out with many of the other girls at the Youth Villa! Sarah is just 16 years old, yet she spoke to the crowd gathered at the Florida Sheriffs Youth Villa Open House with great poise and promise.

Her voice was strong, almost echoing the resilience which mirrors her life's experiences. You see, for Sarah, "dad" has never been in her life. There were a series of mom's boyfriends, even one with such abusive behavior the family had to move just to get away from him. Turmoil, change, anger and disobedience...those were the memories of her childhood and early teenage years.

Reaching out to the Youth Villa for help, Sarah's mom and grandparents now know she is in a place where she can grow and thrive. Sarah smiles as she talks of her future. She can dream and plan and hope for all the best the world has to offer. She is safe!

And so Sarah sings...she joins with the other girls as they lift their voices singing "God Bless the USA" together. Their shoulders go back and they take pride in who they are and where they are going. Thank you for making Sarah's song so meaningful. Thank you for blessing our children with your prayers and support!

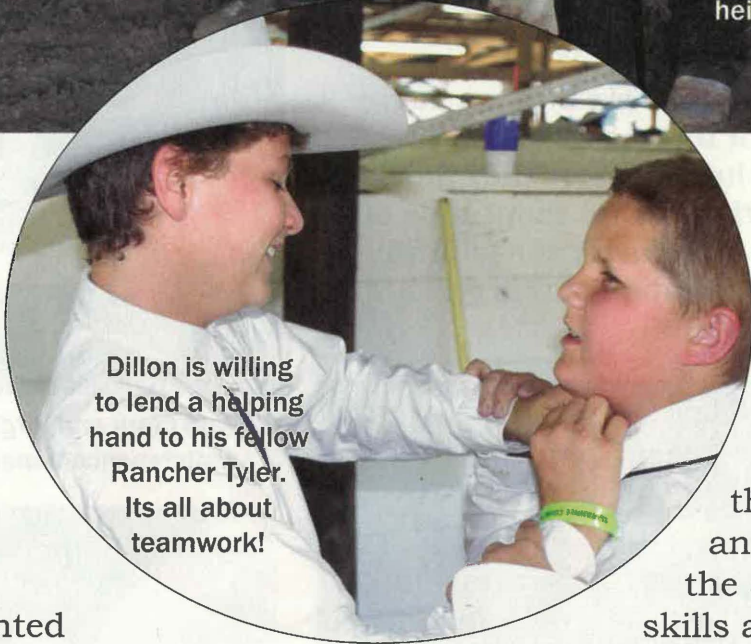

# "Gussied Up" and Ready to Go!

Ranchers Dillon, Tyler, Ty, and Jacob proudly show off their heifers before the show.

Months of work, days of animal care and hours of practice all lead up to this night...the annual heifer show at the county fair!

Four Ranchers, Dylan, Tyler, Ty and Jacob, proudly represented the Florida Sheriffs Boys Ranch and the Kressman 4-H Club at this exciting event. Ty, the oldest Rancher, has competed before and spent much of his time coaching the other boys based on his experience last year. "Watch the judge at all times," he advised. "Be prepared for him to ask you all kinds of questions about how you raised this heifer."

Dillon is willing to lend a helping hand to his fellow Rancher Tyler. Its all about teamwork!

The boys were both nervous and excited as show time arrived. They were judged on the quality of the animal, along with the showmanship skills and the care of the animal. Each did his very best to measure up to the judge's expectation.

When the final awards were presented, our boys proudly accepted ribbons for their work. They had a true sense of satisfaction and received much praise for all they had accomplished!

# SOWERS Bless the Boys Ranch

Servants On Wheels Ever Ready are active retirees with huge hearts, skilled hands and a willingness to travel. They join together from all over the United States in small teams, each couple with their own RV, and volunteer to help with special projects at non-profit organizations.

Arriving at the Boys Ranch each year, these amazing people will spend several weeks with us giving of their time, talents and skills. The men will typically take on a construction or renovation project such as refurbishing a bathroom, enclosing a portion of a building or helping wherever needed. The ladies will work in the office or kitchen, wherever they feel the need best meets their skills.

They typically work six hours a day, four days a week for a three week period. The value of the volunteer labor they provide has saved the Youth Ranches thousands of dollars. We are so grateful for the faithful commitment and dedication of this great group of servant leaders!

## Florida's Sheriffs Stand Firm in their Support for Florida's Kids

(l-r) Youth Ranch resident Andrea, Sheriff Jim Coats, resident Terry and Mrs. Cat Coats pose for pictures at Open House.

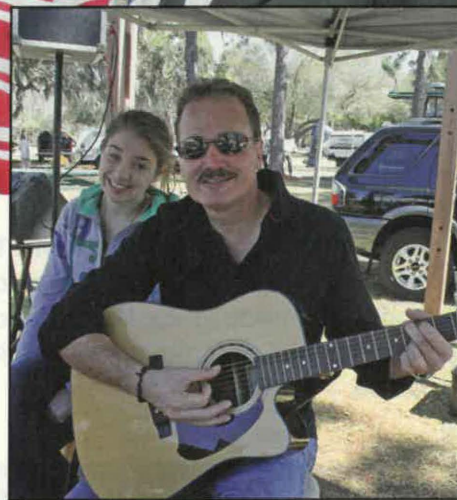

As a new member of the Florida Sheriffs Youth Ranches Board of Directors, Pinellas County Sheriff Jim Coats stood before several hundred folks and said, "I firmly believe in and am committed to the Florida Sheriffs Youth Ranches. Here, we are helping kids do positive things with their lives. It is critical, now more than ever, that those who have the ability to step up to the plate and help, do so! Your support of the Florida Sheriffs Youth Ranches will make a great impact as you help lead these youth to a positive future!"

Over 600 people attended the Open House event at the Youth Ranch in Safety Harbor to hear Sheriff Coats' words of encouragement. He thanked the crowd for their past support and invited them to look around, tour the facility and speak with the kids directly about the changes in their lives since

coming to the Ranch.

Andrea has lived at the Ranch for three years. She said, "The Youth Ranch means something different for everyone. For me, it's my home, my family and my happiness. I couldn't imagine living anywhere other than Salls Cottage."

Sheriff Coats comments are echoed by so many other Sheriffs who are strongly encouraging their citizens to seriously consider a charitable gift to support the children in our care. We hope that you will join them in "stepping up" to help "Florida's Charity for Florida's Children."

A local band, Ferengata, provided music for the crowd. Young Carli and Dave Laracuentre did an outstanding job.

**Please Donate  
Your Vehicle  
to the  
Sheriffs  
Ranches  
Enterprises**

The Sheriffs Ranches Enterprises accepts vehicles in fair to great condition. If your vehicle has proper emission controls, fair tires, no major body or rust damage, and the engine/transmission are in good working order, please consider sharing this resource with our charity. This donation goes to benefit the boys and girls of the Florida Sheriffs Youth Ranches.

For more information or to set up an appointment for a Sheriffs Ranches Enterprises representative to pick up your vehicle, you may call 800-765-3797.

Please note: The American Jobs Creation Act of 2004 contains new rules pertaining to the charitable deduction allowed for vehicles donated to a qualified charity after December 31, 2004. Basically, this law limits the donor's tax deduction to \$500, or the gross proceeds from the sale of the vehicle, if over \$500. We recognize that each individual's tax situation is different and the impact of any charitable deduction is based on a variety of circumstances. You are strongly encouraged to consult with your independent tax advisor.

## Ready to Renew Your Tags?

The State of Florida has approved the Florida Sheriffs Youth Ranches to receive funds donated by citizens through the Department of Motor Vehicles. This means the next time you renew your tag at your local tag office, you have the option to donate to the Youth Ranches along with your tag renewal. Just simply mark the option to support the Florida Sheriffs Youth Ranches right on your form. It's just that easy! Thank you for helping us provide necessary services for needy boys and girls. ## Ranchers Protect the Environment

All six of our campuses for children have beautiful, natural settings. These boys at the Youth Ranch/Bradenton-Sarasota noticed a certain path the deer used on a regular basis and decided to post a sign so everyone would be cautious of this natural habitat.
